MUST DO'S FOR NEW ARL TEACHERS

(Post-Hire)

Once CCSD ARL candidates are hired as licensed teachers, they will need to fulfill additional in-service (post-hire) requirements in order to maintain their ARL conditional teaching licenses.

#1

Ongoing Professional Development (PD) and School Site-Based Mentoring

Support during the first year of teaching is crucial for success. See below for some of the ways our new ARL teachers are supported during their first contracted year of hire.

New ARL teachers will need to complete additional professional development (PD) hours. Teachers may select from a menu of PD opportunities on topics that best meet their current needs.

Principals assign each ARL new teacher a mentor once s/he begins teaching at the school site.

New ARL teachers meet with their mentors weekly for much needed site-based support and guidance.

All new ARL teachers will have the opportunity to be part of an online community where they can connect with other ARL teachers, ask questions, and keep up-to-date on important information.

#2

Nevada Department of Education (NV DOE) Coursework Requirements and Provision Removal

Visit www.doe.nv.gov >>
Specific Areas of Licensure
to preview the coursework.

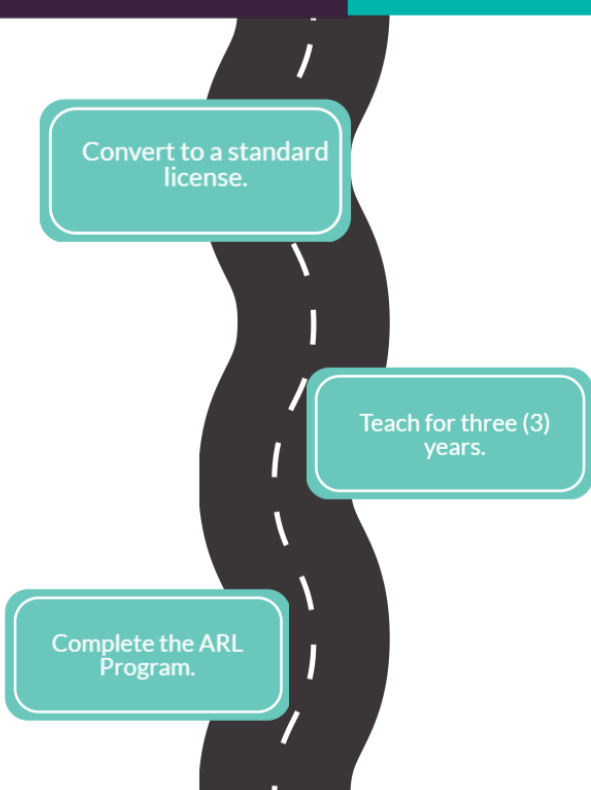

ARL new teachers complete the NV DOE coursework required for each area of licensure at an accredited institute(s) of higher education. There are many local institutes for consideration.

The NV DOE will issue each ARL conditional license with specific provisions. Teachers must remove these provisions by the date indicated.

ARL teachers will have three (3) years from the date of conditional licensure to complete all coursework and remove all provisions. At that time, ARL teachers can convert the conditional license into a standard teaching license.

#3

Successful Evaluations

ARL teachers must teach in their area of licensure for three (3) years in a CCSD public school (no charter schools).

There are 356 schools in the Clark County School District. Teachers do not have to teach at the same school for the three (3) years.

Successful evaluations are needed for each year of teaching during this time frame.
